6. Zoning Enforcement Officer's Report

C. Jefferson reported on the following -

The property owner at 7 LaFata came in and picked up a Special Exception application for an illegal apartment.

The property owner at 627 Route 148 came in and submitted all applications for permits for a new house.

The insurance company for the property owner on Route 148 that has the barn on the corner that was damaged from a motor vehicle accident wanted them to just restore the barn. The Town cannot issue them a permit to put it back in the same location because that is State DOT property along Route 148. They are trying to move the barn back about 10' to make it more conforming.

Relative to 21 Kenilworth and 19 Tower Hill Abatement Orders – the Court gave the property owners three (3) weeks to clean up their properties until August 1st. After that date, the Town has the right to go in and take all the stuff away and will lien the properties.

C. Jefferson reviewed Public Act 11-79 relative to subdivision bonds. The Towns are no longer allowed to hold a maintenance bond after the road has been approved. Once the Town accepts the road, the bonds must now be released.

7. New Business – none.

8. Report of Officers & Subcommittees

(a) Amendments to Regulations – public hearing scheduled for August 2, 2011.

9. Adjournment

There being no further business, the meeting was adjourned at 7:25 PM.

Respectfully submitted,

Judith R. Brown
