## Charge to the

### Emergency Operations Center Building Committee

- 1) Review the condition of the existing barn and make recommendations to the BOS regarding its future usefulness as a part of the proposed EOC.
- 2) Review EOC requirements and develop basic conceptual plans and specifications for a proposed EOC for use by the Town in soliciting comprehensive design/build construction proposals. *Conceptual plans will include vehicular circulation and parking.*
- 3) Conduct a mandatory pre-bid conference and then review all construction proposals and make a recommendation to the BOS.
- 4) Monitor project approval process and provide a contractor's liaison from the committee.
- 5) Hire a clerk of the works to expedite construction schedule and oversee site activities.
- 6) Hold formal meetings on a regular basis to review payment requisitions and address project issues.
- 7) Make a final inspection of the completed project with Town officials prior to final contractor payment
