

**Town of Killingworth  
Inland Wetlands and Watercourses Commission  
Killingworth, Connecticut 06419**

Continuation of Regular Meeting  
#14-7

July 10, 2014

Chairman Rockwell called the meeting to order at 05:01 p.m. at 67 Hemlock Drive.

**Members present:** E. Auer, T. Doyle, C. Reimers, G. Rockwell

**Members absent:** D. Cronin, G. Johnson

**Visitors:** R. Doane, P.E..

The members walked the site with Mr. Doane. Wetland flagging had been done by R. Snarski; the members agreed that the wetland boundaries were accurately flagged. The site is a small swamp with mixed hardwood trees, mostly small, and a few hemlocks. A sluggish flow in the effluent stream was almost dried up; the stream is likely intermittent. There were no vernal pools. The lawn runs almost to the wetland boundary. The next house east is sited within 75 feet of the intermittent stream.

No motions were made, no votes were taken and no communications were received.

The meeting adjourned at 5:20 PM.

Respectfully submitted,

Gaylord Rockwell  
Chairman
