**OLD BUSINESS**

Members reviewed the discussion held at the last IWWC meeting on the Town of Killingworth drainage project on Parker Hill Road and Parker Hill Road Ext. Enforcement Officer C. Jefferson was asked if she had heard any answer from the Town Engineer about the size and storage capacity of the pipes and detention basin. Mrs. Jefferson said they had done the calculations a couple of times and thought the information presented at the Public Hearing was correct. Members agreed that the questions asked by Mr. Wettish at the Public Hearing should be answered. Mrs. Jefferson will contact Engineer Howard Pfrommer and provide information to commission members at the next meeting. She also said that due to other activities near the northern discharge area, this commission will probably be reviewing the details of that area in the future.
