

**Town of Killingworth
Inland Wetlands and Watercourses Commission
Killingworth, Connecticut 06419**

Continuation of Regular Meeting
#15-5

May 20, 2015

Members present: E. Auer, S. Dowd, T. Doyle, G. Johnson, C. Reimers
Members absent: D. Cronin

Visitors: 50 Wolf Hollow Lane: Mrs. LaTorre, LaTorre architect and real estate agent.
 Burr Hill Road: Roger Nemergut

Chairman Reimers called the meeting to order at 4:30 pm at 50 Wolf Hollow Lane.

T. & R. Ley, Jr. (owner), L. & R. LaTorre (applicant) permit application for in-ground pool – 50 Wolf Hollow Lane

The members walked the area behind the house where the pool will be located and into a wooded area next to the proposed pool location. It was discussed that there would be a minor relocation of the pool with the applicant and the applicant's architect. The pool would have little impact on the woods.

The meeting continued at the next location:

T. & C. Donahue permit application for in-ground pool – Burr Hill Road, Map 11, Lot 6C

The members walked the area where an in-ground saltwater generation pool will be installed. The lot has a variety of hardwood trees. The pool is sited in a generally flat area outside of the wetlands by approximately 75'. The members discussed the pool filtration system and installing silt fencing.

No motions were made, no votes taken and no communications were received.
The meeting adjourned at approximately 5:45 pm.

Respectfully submitted,

Carolyn Reimers
Chairwoman
