

Town of Killingworth
Inland Wetlands and Watercourses Commission
Killingworth, Connecticut 06419

Continuation of Regular Meeting #17-8
December 10, 2017

Chairwoman Carol Reimers called the meeting to order at 10:30 a.m.

Members present: C. Reimers, T. Doyle, E. Pizzuto, D. Adametz

Members absent: C. Plum, M. Richards, G. Johnson

First site walk:

E. Carey permit application - 95 Schnoor Road - clearing adjacent to wetlands
The commission members and the applicants walked to the area that was a concern to a neighbor. It was determined that there was no ill effect to the wetlands from the recent activity in the area. The owners have no other plans to change anything at this time.

Second site walk:

S. Swierad permit application - 24 Birch Mill Road - raze existing structure, build new residence & detached garage, new well and septic system
The commission members viewed the property with the applicant. The existing structure is already near the wetlands. The commission asked questions about the plans for a new septic system and well. In addition there was discussion about the detached garage that would be built. The commission will discuss and make a determination at the next regular meeting on December 12, 2017.

Respectfully submitted,

Carol Reimers
Chairwoman
