Due to a lack of a quorum the meeting was canceled.

The members who were present walked the site with the owner and observed the location of the proposed new construction. The owner showed the plans for the construction to the members and answered some basic questions regarding the layout of the plan on the actual site.

Boundaries of the wetlands area were noted in particular the areas that fell within the 100 ft. buffer zone.

C. Reimers will email the absent members and ask them to look at the property before the next Inland Wetlands meeting.
